

Minex's Side

On the 17th of December, 2021, an argument broke out between xeltxrx and other members of the EXED server in a GC made for an SMP. She mistakenly believed she had been misgendered, and would not admit that she may have misheard what was said to her. After receiving enough backlash for her behavior, she left the GC. Later in the day, after the first argument was over, I was in a VC with xel in the EXED server while she made music. After a few minutes, she stopped and asked me to invite her back into the GC. I hesitated for a minute or two before asking her why she wanted back in. After I told her not to start anymore trouble, I invited her back in. She then immediately started more trouble.

kaMINEXus added xeltxrx to the group.

Walmart 12/17/2021

wtf did i miss

kaMINEXus 12/17/2021

Quite a bit.

xeltxrx 12/17/2021

It is crazy how easily y'all are willing to just leave me LOL

kaMINEXus 12/17/2021

xel, let's all try not to escalate things further.

I know you believe you were misgendered again, which I'm aware is an awful thing to happen.

Cream has already apologized and acknowledged that they could've handled the accusation better.

Spoonz 12/17/2021

imagine removing my executive role

xeltxrx 12/17/2021

Make a new server, have fun without me lol

Spoonz 12/17/2021

what about all the times u misgendered me? should i jsut block u and be mad?

@xeltxrx That's not why I'm mad anymore

Spoonz 12/17/2021

"Make a new server, have fun without me lol"

@xeltxrx Make a new server, have fun without me lol

kaMINEXus 12/17/2021

You left.

xeltxrx 12/17/2021

Y'all dropped me so easily

Spoonz 12/17/2021

no we didnt

u literally left

xeltxrx 12/17/2021

Didn't know it was like that, I might as well get a whole new Exec Dist team 🗿

xeltxrx 12/17/2021

Yeah, you are willing to move on and play the game without me like I never existed zamn

Spoonz 12/17/2021

ok

kaMINEXus 12/17/2021

xel, we can only do so much to include someone who left, knowing they couldn't come back.

xeltxrx 12/17/2021

Have fun i guess

Spoonz 12/17/2021

xel

grow the fuck up

there is NO reason to keep doing this

kaMINEXus 12/17/2021

I can only do so much for someone who won't stick around long enough to have a proper conversation about this.

Spoonz 12/17/2021

u're the only one holding yourself back

infact you literally caused all of this

u could've just calmly talked to cream privately

and accepted the apology

and BOOM none of this would of happened

xeltxrx 12/17/2021

Okay

Spoonz 12/17/2021

and we were gonna "move on and play the game" because frankly we all enjoy the game

it would suck to not play with u

but we're not gonna throw EVERYTHING away because you're being petty

kaMINEXus 12/17/2021

I added you back because I hoped you would use the opportunity I gave you to be able to resolve this peacefully.

I hesitated for so long because I had my doubts, and I'm disappointed that they ended up being correct.

(By this time, I had made a GC with only me, xel, and astrx. xel couldn't be reasoned with, and left after insulting Astrx multiple times.)

After all of this, xel left the group and revoked admin privileges from Astrx and Digi (who wasn't even involved).

digiphobia 12/17/2021

I'm late uh

Hi

KIZ 12/17/2021

hi dig

digiphobia 12/17/2021

I got my executive role removed and I wasnt even here
bruh

KIZ 12/17/2021

what

digiphobia 12/17/2021

only me and astrx got them removed

KIZ 12/17/2021

oh

no its cause of before
the thing that happened with ollie
thats why xel removed urs

digiphobia 12/17/2021

no I got it back yesterday

KIZ 12/17/2021

oh what

digiphobia 12/17/2021

they just took it back and I wasnt even here

KIZ 12/17/2021

sorry i didnt realize
wth

Soon afterwards, I received a DM from xel.

December 17, 2021

xeltxrx 12/17/2021

I'm gonna kms ong

I continued to try being supportive.

Around this time, Astrx was confronting xel because it was revealed that she cheated, which I still wasn't aware of until later.

xel claimed astrx was attacking her and, at her request, I asked him to stop and give her time to form a response.

digiphobia 12/17/2021

I'm still just confused on why I got my shit revoked again
not that I care cuz this shit is more important than a
stupid fucking role but

Spoonz 12/17/2021

because ur a target
just cause

digiphobia 12/17/2021

im confused why I got targeted
God damn

kaMINEXus 12/17/2021

I'm surprised I didn't get Executives revoked, honestly.

Spoonz 12/17/2021

ur literally defending her ass so hard in my dms (edited)

digiphobia 12/17/2021

thats why im confused but with you its clear favoritism

Spoonz 12/17/2021

troled

also xel favorites u, that too

digiphobia 12/17/2021

said like 2 or 3 things on the situation that they could've
seen and I get my stuff revoked, just feels like I'm
constantly on a fucking ledge with Xel that I can get
booted out of a friend group or project at the press of a
button depending on if someone is gonna read smth right

kaMINEXus 12/17/2021

I know I don't have it nearly as bad as y'all. I'm sorry if it
feels like I'm trying too hard to relate.

@digiphobia Empathy man, you're trying to put yourself in our
shoes

kaMINEXus 12/17/2021

It feels wrong that I have to. I haven't been around as long
as the other Executives, but *I'm* the one that gets treated
well? And everyone *else* gets treated the way they are?
It isn't right.

Astrx then revealed to everyone that xel had cheated.

Spoonz 12/17/2021

lol cheated on

i love being manipulated and then cheated on
my favorite activity

digiphobia 12/17/2021

??

Spoonz 12/17/2021

xel cheated on me
with multiple people

digiphobia 12/17/2021

Are yoy fucking serious

I then had a conversation with Astrx.

Spoonz 12/17/2021
still defending her?

kaMINEXus 12/17/2021
I'm not gonna get into it with you, too.

Spoonz 12/17/2021
oh please, why not?
because xel cheated on me?
are u really going to defend her here too?

kaMINEXus 12/17/2021
I don't want to lose respect for anymore friends.

Spoonz 12/17/2021
are you not even going to acknowledge what the fuck she did

kaMINEXus 12/17/2021
I'm not gonna defend cheating, and I don't want anymore hostility.

Spoonz 12/17/2021
sorry
i dont mean to take it out on u i just feel destroyed rn

kaMINEXus 12/17/2021
I understand. I'm doing my best to keep my composure, too.

I think I might be in denial about it. I just can't believe that it happened. I doubt I will until I see it.

Spoonz 12/17/2021
you want me to show the screenshots of her saying sorry?

kaMINEXus 12/17/2021
I might need to.

Spoonz 12/17/2021
alright

The proof I saw was far more than
enough.

kaMINEXus 12/17/2021

I doubt I'll stay on the team for much longer.
I don't tolerate cheating in any way, and I don't want to associate with someone who did that. *Especially* to another person I consider a friend.
At the very least, though, I don't want to see her as a pedophile. I desperately hope there isn't context or proof or anything

Spoonz 12/17/2021

yeah i hope so too

kaMINEXus 12/17/2021

Honestly, it's more troubling for me to think about breaking away from the work I did for the mod. Even though I didn't do all that much lol
I think that's what's kept me in for so long: The fact that I already committed time and passion to the characters and story.

Spoonz 12/17/2021

yea

I then had one more exchange with xel that day.

xeltxrx 12/17/2021

We're still cool right?

kaMINEXus 12/17/2021

As long as nothing happened.

xeltxrx 12/17/2021

Nothing happened, me and Ollie are on decent terms now
But everyone else doesn't like me

This is regarding the allegations she got: one of cheating and one of possibly talking with a minor.
“Nothing happened,” another lie.
I had to pressure her into at least admitting she *did* cheat.

kaMINEXus 12/17/2021

I'll need some time to reflect on everything that happened.
And what to do from there.

xeltxrx 12/17/2021

That's fine

Two days later, in the EXED server::

December 19, 2021

kaMINEXus 12/19/2021

I think I'm done working on this.
Everything I've done for the mod (charts, scripts, backstories, etc.) can stay. I won't be able to use them anywhere else, and I don't want my work to disappear. Good luck, everyone. Maybe I'll see you later someday.

By this point, it seemed like xel and Astrx were doing better, so I was feeling more hopeful that xel would change her ways and genuinely improve. I remained publicly silent on the matter because I felt like saying something would undo that progress, though I now see that it wasn't really there.

Soon after, in DMs:

xeltxrx 12/19/2021

Hey I just wanna know if you hate me now or not, I understand if you do

kaMINEXus 12/19/2021

I don't hate you.

xeltxrx 12/19/2021

Okay

kaMINEXus 12/19/2021

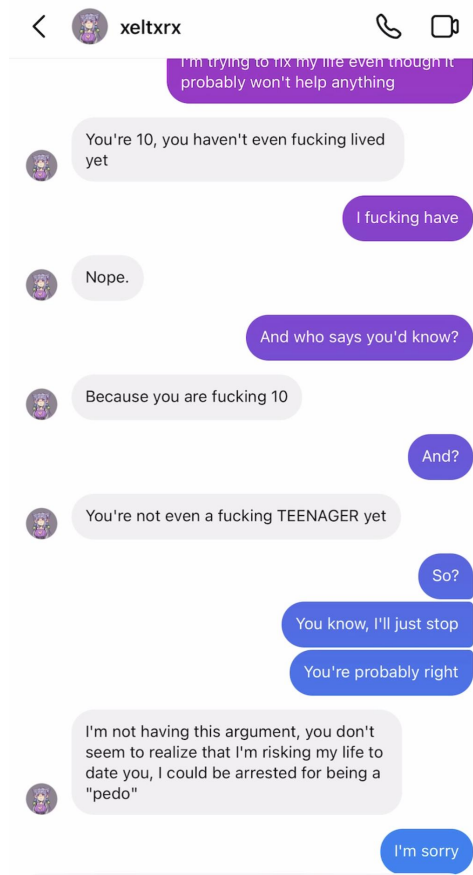

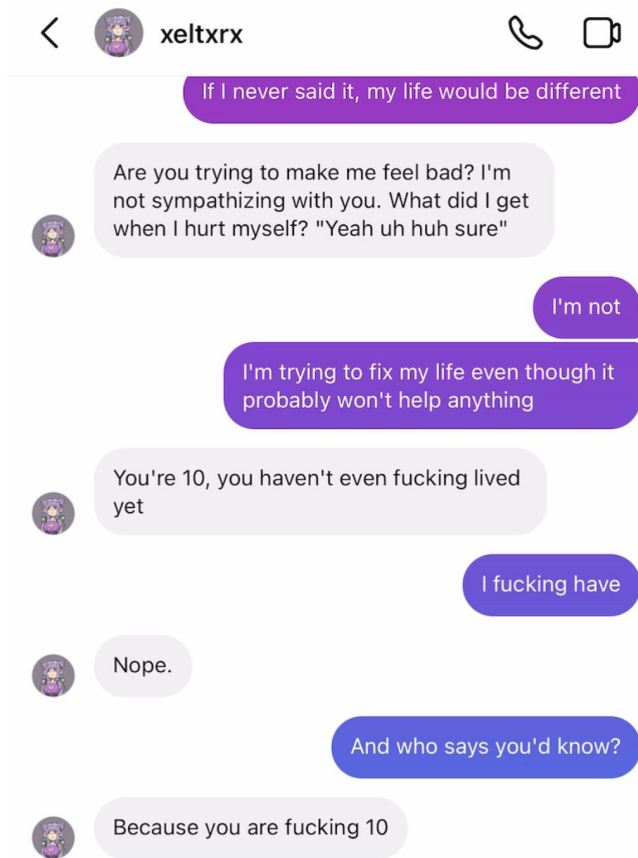

I feel very strongly about cheating. Probably more than I should. After what happened two days ago, that's what ultimately drove my decision to leave the team, as extreme of a reaction as that may be. However, I still respect your vision and the work we did for your project. I still have some respect for you, too. I genuinely hope that you and the others will recover from this well, and from what I've heard, there's already some progress. Time will tell just how far that comes along, and I'll be waiting to find out one day.

xeltxrx 12/19/2021

I understand, I already cancelled the mod anyway because everyone on the team doesn't like me anymore. And I'm probably just gonna stop making music entirely

Then, proof came out that years ago, xel *did* talk to someone who she believed was much younger than her at the time.

I confronted her, and she blamed her medication and managed to temporarily convince me she had changed since then.
I know better now. We don't talk in DMs anymore.

December 27, 2021

kaMINEXus 12/27/2021

I've recently learned more about the other allegation. The proof I've seen of it is undeniable.

I understand why you told me it wasn't true, but I'm still disappointed that it is and that you weren't honest with me.

Just in case it needs to be clarified:

If anything of Executive Distortion ever comes out, I'd like not to be credited or associated.

If possible, I'd also like my credit in the Hank Week to be removed from wherever else it is available, like YAFN.

This also includes credit for Gunfight's cover art on sites like SoundCloud. If you can *remove* that art from those sites, I'd also appreciate it if you did that.

kaMINEXus 12/27/2021

I'm willing to believe that since then, you've changed enough that you won't do it again.

However, I still would not like to be credited or associated. I don't think I clarified that kind of stuff when I left Executive Distortion's server, so it needed to be said anyway.

xeltxrx 12/27/2021

Okay

Early in the morning of January 7, Dami invited me and the others who left EXED into his own mod's server. xel saw that later in the day and banned all of them but me.

xeltxrx Yesterday at 10:32 AM
aw hail naw

kaMINEXus Yesterday at 10:57 AM
xel you can't just do that
we're dami's friends, too
he invited them himself

xeltxrx Yesterday at 10:59 AM
I already told him if he wants them around then I'm not
working on the mod, I'm not comfortable with them
around
Also don't speak to me lol

kaMINEXus Yesterday at 11:03 AM
I don't think we're on speaking terms, either. That's why I
avoided interacting with you on this server until now.
It's such a shame that things came to be this way.

She waited until I left to say:

xeltxrx Yesterday at 11:04 AM
Go ruin someone else's life

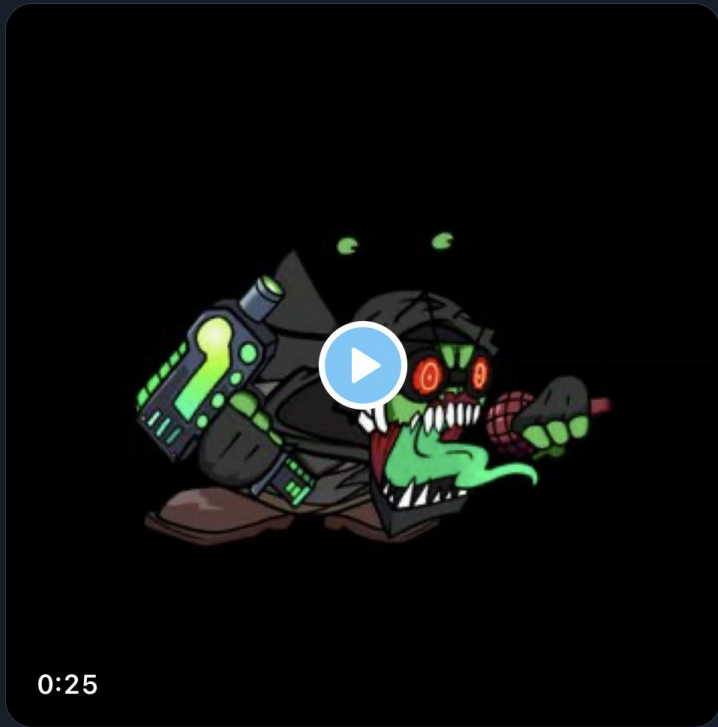

Deciding enough was enough, I went to her Twitter to make a statement and saw that she was trying to get a new team to “overhaul” the mod. Even worse, she was still using art that didn't belong to her in later tweets about it. So, I had to respond.

I then decided that after everything she put the others through, that wasn't enough.

I logged into the Twitter account for EXED and tried to spread my statement from there. After communication was established with @News_Funkin, we decided to make this document.

After it was brought to my attention that the artists' designs (and one of my own) were still being used in her merch store, I went to tell her to take them down. Since she blocked me, I instead went to the EXED server to say this:

January 8, 2022

kaMINEXus Today at 3:11 AM

I'm taking The Eye back.

Take it down from your merch store, along with all the other Executive Distortion designs. Those belong to Digi and Ollie.

I can't DM you, xel, so you're seeing this here.

kaMINEXus Today at 1:10 PM

Also, if you haven't already, take my face off of your computer. And *all* the other pictures you took of me. I never liked that.

Since then, these messages have been deleted and the server's invite link has been changed.
